CALL FOR APPLICATIONS

The Nigerian Young Academy (NYA) calls for applications for her National Young Researcher's Prizes in Chemical Sciences, Geoenvironmental Sciences, Health Sciences, Innovation and Policy Studies, Linguistics, Mathematical Sciences, and Microbiology (*please see box to the right for the list of Prizes*). These prizes were established by the NYA, through the kind donations of distinguished Nigerian academics with a view to promoting original research in the relevant fields, especially among young researchers (below 45 years) in Nigeria. The prizes were designed to recognize the scientific achievements of outstanding young researchers working in respective fields and living in Nigeria; and encourage them to continue to strive for excellence in their research.

Eligibility

1. Candidate **should not** be older than **45 years** of age **by December 31st 2023**.
2. Candidate should show scholarly research in his/her field and must be affiliated to a not-for-profit research institution in Nigeria (e.g. Universities or Research Institutes).
3. Only Nigerian citizens who have lived and worked in Nigeria for at least the last 3 years will be considered.
4. Candidates must hold at least a **Master's degree** in relevant discipline and have a good record of research publications in reputable peer-reviewed journals.
